SAFE AND SECURE

Rest assured Eagle Mobility is incredibly safe to use. Just like online banking, our mobile banking service features 128 bit SSL encryption, which encrypts and protects any transmission of data – including account information! Eagle Mobility is also protected by strong firewalls to prevent unauthorized or malicious intrusion.

Along with these safeguards, there is also Multifactor Authentication on your mobile banking account where it is further protected by requiring a Username and Password.

Additionally, you must verify an Image and Passphrase to gain access to your account; and after three incorrect attempts to login, the account will be locked down.

In the rare case that your phone is lost or stolen, there is no need to worry about anyone gaining access to your mobile banking information. No personal information or mobile banking passwords are ever stored on your phone. Plus, your login session automatically times out after a specific period of inactivity.

FINANCES AT YOUR FINGERTIPS

Take flight with CFCU's new mobile banking application – Eagle Mobility! Eagle Mobility is your ticket to stress-free financial management, allowing you to enjoy limitless access to your finances no matter where you are or what time it is. Want to pay that utility bill you just remembered midway through your Sunday afternoon walk? No problem. Need to transfer money into your checking account while on vacation in Australia? Go right ahead. Have an urge to check your account balance at 2:00 in the morning? You can do that, too – and you don't even have to get out of bed.

Eagle Mobility is absolutely FREE* and allows you to perform all the following transactions (24/7) once you've logged in to your secure account:

- Check balances
- Transfer funds
- Pay bills
- Find a nearby branch or ATM location
- Easily transfer money to others with PopMoney (Bill Pay Enrollment required)

^{*}Message and data rates may apply. Check your mobile service provider plan for details.
